CANCER CARE NAVIGATION

For a Healthier Life.

A JOURNEY YOU NEED NOT WALK ALONE.

The Cancer Care Navigation Program at Cape Regional will help navigate you through the healthcare system.

HIGH QUALITY CARE CLOSE TO HOME

Our team works collaboratively to help reduce barriers to care and give you the support you need. Whether it's assistance with insurance issues, or having a "heart-to-heart" talk about issues affecting your care, our Cancer Care Navigators are your personal advocates for exceptional care.

OUR SUPPORTIVE BENEFITS INCLUDE:

- Setting up appointments with Cape Regional Health System physicians and services
- Helping you schedule and keep track of your various medical appointments
- Helping you get questions about your care answered

- Directing you to local resources and support services
- Helping you to understand your health insurance coverage
- Accessing disability and Social Security benefits, when appropriate.

Our Nurse and Social Worker Navigators help ensure that you understand the healthcare process.

They work collaboratively with other healthcare providers whose goal is to enhance care through an array of programs.

ADDITIONALLY, OUR NAVIGATORS:

- Help you keep track of and getting you to appointments and arranging for transportation if needed
- Assist you with referrals, when appropriate.

- Work collaboratively with your physicians to provide them with the needed medical records and test results
- Assist you in applying for financial assistance, when appropriate.
- Assist you with coordinating care for follow-up appointments and/or treatments.

Cape Regional Medical Center is a member of the Penn Cancer Network. For more information about services at the Brodesser Cancer Center, please call 609.463.2298.

Office Hours are 7:30 am - 3:30 pm Monday - Friday.
